Defeat Hard Hill at times. Character names are tricky in all fiction, but especially in historical fiction. The voyages of discovery, the philological criticism pioneered by Renaissance humanists, the dazzling techniques of historical inquiry, and the new science accelerating from Galileo to Newton all joined forces to question traditional authorities as graven in the authority of books, including the Book of God's Word and delivered in the ipse dixits of the ancients and the entrenched hand-me-down orthodoxies of metaphysics, Scholasticism, and custom.
